Project

BRANDON MATHEWS

Passionate about Programming & Web Development
Philadelphia, Pennsylvania, United States

Summary

I'm a programming enthusiast currently pursuing a bachelor's degree in computer programming from Peirce College, with a graduation date set for April 2024. While I more experience in Python programming, I do have experience in 2D and 3D game development in Unity using C#, as well as web development utilizing HTML, CSS, and JavaScript.

Passionate about software and web development, I'm constantly seeking to broaden my knowledge and skills in these fields. I thrive in environments that foster innovation, collaboration, and continuous improvement. I'm eager to join a company that shares these values and can provide opportunities for professional growth and advancement in the IT industry.

Here is a link to my GitHub page where I will be adding all projects:
<https://github.com/BrandonM92>

Experience

Procacci Brothers

9 years 4 months

Lead Warehouse Shipping Manager

April 2021 - Present (3 years 1 month)

United States

Leading the Night Shipping Department
